Dr. Jay Larson, Independent Provider
Dr. Deborah Agnew, Billings Clinic Pediatrician

CSI Staff present

Christine Kaufmann
Amanda Roccabruna Eby- Note recorder

Chair, Dr. Jon Griffin called the meeting to order at 3:50pm

1. Roll call and review of notes from previous meeting

There were no comments made about the notes from the January 25th meeting that were posted on the CSI website.

2. Updates from last meeting

a. Project clearinghouse—CSI

CSI staff set up an on-line document available for editing for members to compile information on projects involving quality measures that are happening across the state. Members reviewed the list of projects suggested adding DPHHS because they have so many different wellness programs such as diabetes, immunizations, etc. Another member suggested adding a link to HEDIS measures. Craig Hepp suggested contributing several other collections of measures.

b. Learning Community – Janice Mackensen and Dr. Griffin

Janice and Dr. Griffin will report more on the learning community they are working on at the next meeting.

c. Process for narrowing quality metrics/crosswalk efforts—Dr. Griffin

Dr. Griffin shared a St. Peter's crosswalk with the group to show how the BCBS measures align with NCQA measures, Meaningful Use, and PQRS. There was discussion about what will specifically be asked about each of these measures. Providers could pick the metrics that they are interested in. The council needs to define a common set that is consistent between PCMH, PQRS, and Meaningful Use.

2. Additional agenda items

None

3. Set next meeting

Feb. 22 2:00pm

Adjournment 4:24pm
